(1) Subtotal all items above _____

(2) If located in Minnesota, add 6.5% Sales Tax _____

(3) U.S. address add \$5.00 per order shipping & handling _____

(4) Non-U.S. address add \$15.00 per order shipping & handling if ordering one or more Health Care Guidelines or Technology Assessment Reports _____

Total Amount Due (add 1-4 above) _____

Please complete the information on the next page to complete your order

Name _____
Title _____
Affiliation _____
Department _____
Address _____

City/State/Zip/Country _____
Telephone _____ Facsimile _____
E-Mail _____

Select a payment method:

- Check enclosed (*made payable to ICSI in U.S. dollars drawn on a U.S. bank*)
- Credit card (*credit card payments may be sent via facsimile to (952-858-9675)*)
 - VISA
 - MasterCard
 - Discover

Credit Card # _____
Name on Credit Card _____
Expiration Date _____
Signature _____

Thank you for your order!
Please make a copy of this order for your records.
Orders are usually shipped within 5 working days of receipt.

Health Care Guidelines, Order Sets & Protocols

Document Name

Behavioral Health Guidelines:

ADHD, diagnosis & management of attention deficit hyperactivity disorder in primary care
for school-age children and adolescents
Depression, major in adults in primary care

Cardiovascular Guidelines:

ACS: chest pain and acute coronary syndrome; diagnosis and treatment of
ACS: acute coronary syndrome, admission to CCU for order set
Antithrombotic therapy supplement
Atrial fibrillation
Cardiac stress test supplement
Coronary artery disease, stable
Heart failure in adults
Heart failure, admission for order set
Heart failure, discharge for order set
Heart failure, emergent orders for order set
Hypertension diagnosis and treatment
Lipid management in adults
Stroke, ischemic, diagnosis and initial treatment of
Stroke for patients not receiving tPA, ischemic; admission for order set
Stroke for patients receiving tPA, ischemic; admission for order set
Venous thromboembolism
Venous thromboembolism prophylaxis
Venous thromboembolism prophylaxis order set

Musculo-Skeletal Disorders Guidelines:

Ankle sprain
Degenerative joint disease (DJD)/osteoarthritis (OA) of the knee, adult; diagnosis and
treatment of
Hip, total and knee, total arthroplasty postoperative order set
Hip, total and knee, total arthroplasty, preoperative order set
Low back pain, adult
Pain, acute, assessment and management of
Pain, chronic; assessment and management of

Patient Safety & Reliability Guidelines:

Falls (acute care), prevention of
Pressure ulcers, skin safety protocol: risk and assessment of
Rapid response team protocol
Retained foreign objects during vaginal deliveries, prevention of unintentionally protocol
Retained foreign objects in surgery, prevention of unintentionally protocol
Safe site protocol for all invasive high-risk or surgical procedures protocol
Surgical site infection for adults and children order set
Surgical site infection prevention of protocol

Health Care Guidelines, Order Sets & Protocols

Document Name

Preventive and Health Maintenance Guidelines:

Colorectal cancer screening
Domestic violence
Immunizations
Obesity; prevention and management of (mature adolescents and adults)
Preventive services for adults
Preventive services for children and adolescents

Respiratory Disease Guidelines:

Asthma, admission for order set
Asthma, diagnosis and management of
Chronic obstructive pulmonary disease
Otitis media in children, diagnosis & treatment of
Pneumonia, community-acquired
Pneumonia, ventilator-associated, prevention of order set
Respiratory illness in children and adults
Sleep apnea, diagnosis and treatment of obstructive

Women's Health Guidelines:

Breast disease, diagnosis of
Cervical cytology (pap smear) and HPV testing, initial management of abnormal
Labor, management of
Labor, admission for routine order set
Menopause and hormone therapy (HT): collaborative decision-making and management
Osteoporosis, diagnosis and treatment of
Prenatal care, routine
Urinary tract infection in women, uncomplicated

Other Health Care Conditions Guidelines:

Acne, management of
Diabetes mellitus, type 2; management of
Dyspepsia and GERD, initial management of
Headache, diagnosis and treatment of
Insulin management, subcutaneous order set
Palliative care
Palliative care order set
Preoperative evaluation

Technology Assessment Reports

Document

<u>Number</u>	<u>Document Name</u>
T036	Acupuncture for chronic osteoarthritis pain, headache and low back pain
T018	Acupuncture for treatment of chemical dependency
T043	Antiviral therapy for chronic hepatitis C
T038	Assisted reproductive technologies
T046	Bilateral prophylactic mastectomy for the prevention of breast cancer
T053	Biochemical markers for bone turnover in osteoporosis
T066	Biochemical markers of cardiovascular disease risk
T059	Blood brain barrier disruption chemotherapy
T073	Board certified intensivists
T026	Botulinum toxin therapy
T012	Cardiac rehabilitation
T044	Case management for chronic illness, the frail elderly, and acute myocardial infarction
T001	Cochlear implants
T058	Computed tomographic colonography for detection of colorectal polyps and neoplasms
T037	Computed tomography for the diagnosis of pulmonary embolism
T052	Computed tomography screening for lung cancer
T055	Computerized physician order entry
T082	Cranial orthoses for deformational plagiocephaly
T070	D-dimer testing for deep vein thrombosis and pulmonary embolism
T048	Deep brain stimulation for essential tremor and Parkinson's disease
T031	Densitometry as a diagnostic tool for the identification and treatment of osteoporosis in women
T030	Dorsal rhizotomy and intrathecal baclofen for lower extremity spasticity associated with cerebral palsy
T078	Drug-eluting stents for the prevention of restenosis in native coronary arteries
T035	Electrical stimulation for non-union of a fracture
T021	EEG monitoring during carotid artery surgery
T034	Electron-beam and helical computed tomography for coronary artery disease
T003	Excimer laser use in ophthalmology
T047	Fetal fibronectin for the prediction of preterm labor
T061	First trimester prenatal testing for Down syndrome using nuchal translucency
T014	Gastric restrictive surgery for morbid obesity
T069	Genetic carrier testing for cystic fibrosis
T033	Genetic screening for breast cancer
T064	Genetic testing for hereditary nonpolyposis colorectal cancer (HNPCC)
T002	High-dose chemotherapy with autologous stem cell support for the treatment of breast cancer
T025	High-dose chemotherapy with hematopoietic stem cell transplantation for treatment of multiple myeloma
T005	High-frequency chest compression devices for cystic fibrosis patients
T015	Home uterine activity monitoring for detection of preterm labor
T057	Hospitalist systems
T056	HPV DNA testing for cervical cancer
T017	Image directed biopsies of breast lesions
T011	Interferon beta-1a, interferon beta-1b, glatiramer acetate, and mitoxantrone for treatment of multiple sclerosis
T063	Intracoronary brachytherapy to treat restenosis after stent placement (In-stent restenosis)
T062	Intradiscal electrothermal therapy (IDET) for low back pain
T019	Intrathecal baclofen infusion for controlling spasticity and spasms
T006	Intravenous immune gamma globulin (IVIG) for treatment of neurological conditions

(Technology assessment reports continued on next page)

Technology Assessment Reports (continued)

Document

<u>Number</u>	<u>Document Name</u>
T051	Left ventricular assist devices as permanent implants
T076	Liquid-based cervical cytology
T007	Lung transplants
T023	Lung volume reduction surgery for emphysema
T045	Lymphatic mapping with sentinel lymph node biopsy (SLNB) for breast cancer
T029	Magnetic resonance angiography for venous sinus thrombosis, intracranial atherosclerosis, intracranial aneurysms, carotid artery atherosclerosis, and carotid or vertebral artery dissection
T081	Magnetic resonance imaging (MRI) for the detection of breast abnormalities
T042	Microwave thermotherapy for benign prostatic hypertrophy
T041	Minimally invasive direct vision coronary artery bypass grafting (MIDCABG)
T072	Off-pump coronary artery bypass grafting
T013	Oral devices for the treatment of obstructive sleep apnea syndrome
T004	Pancreas transplant for insulin-dependent diabetes
T060	Pancreatic islet transplantation for patients with type 1 diabetes mellitus
T075	Pediatric visit schedules: impact on morbidity and utilization of resources
T010	PET and SPECT scans for the evaluation of epileptic patients
T054	PET scans for solitary pulmonary nodules, non-small cell lung cancer, recurrent colorectal cancer, lymphoma, and recurrent melanoma
T071	Pharmacological approaches to weight loss in adults
T039	Photodynamic therapy for head and neck, tracheobronchial, and esophageal cancer
T016	Prenatal ultrasound as a screening test
T008	Prostate specific antigen (PSA) as a screening test for prostate cancer
T032	Pulmonary rehabilitation for chronic obstructive pulmonary disease
T077	Rhythm therapy versus rate control for long-term management of recurrent atrial fibrillation
T040	Screening for the Factor V R506Q (Leiden) mutation prior to oral contraceptive prescription
T009	Screening tests
T065	Serum antibodies for the diagnosis of inflammatory bowel disease
T027	Small bowel transplantation
T024	Stereotactic radioneurosurgery for brain lesions
T028	Tissue-type plasminogen activator for acute ischemic stroke
T049	Tocolytic therapy for preterm labor
T022	Transjugular intrahepatic porto-systemic shunts
T050	Transmyocardial laser therapy for severe refractory angina
T020	Tympanic membrane thermometry
T074	Ultrasound cervical length for the prediction of preterm labor
T067	Uterine artery embolization for uterine fibroids
T079	Vertebroplasty and balloon-assisted vertebroplasty for the treatment of osteoporotic compression fractures
T068	Vision therapy
T080	Whole-body computed tomography as a screening test
