

Algorithm

“Room survey” was added as the new first step in the algorithm. All boxes renumbered accordingly.

Annotations

All annotations renumbered due to insertion of new annotation #1.

- 1) New annotation for “room survey” completion prior to the next patient arriving to the room.
- 3) The definitions were updated for sponges/soft goods, sharps and miscellaneous items.
- 6) Additional instructions regarding fetal scalp electrode documentation was added.
- 12) Rewritten for clarity.

Aims & Measures

Measurement specifications were added for each measure.

- 1c) New measure for final count.
