

# The Time is NOW

NRHI's 3<sup>rd</sup> ANNUAL

October 2019

## National Affordability Summit

SAVE THE DATE:  
October 16, 2019

McNamara Alumni Center  
University of Minnesota  
Minneapolis, MN

### Be a Part of the Affordable Care Together Movement. The Time is Now.

NRHI's 3<sup>rd</sup> Annual National Affordability Summit, a key event of the Network's Affordable Care Together Movement, will bring together top thought leaders and change makers taking action and creating urgency for affordable healthcare. We will spotlight results and success from the public and private sectors. Attendees will leave with new ideas for influencing policy and initiating action both locally and nationally by learning from those who are disrupting the status quo. We believe that through multi-stakeholder collaboration there is tremendous opportunity for true transformation. The time is now to be a part of the solution.

Tickets will include access to the reception the evening before, the event, and to the HealthDoers Event Dashboard which includes pre-reading materials, event-related discussions, our Twitter feed, post-event materials which include video recordings and presentations.

- **NRHI member and member of NRHI member rate - \$150.00**  
If you are a member of MN Community Measurement, Institute for Clinical Systems Improvement (ICSI), or Stratis Health, you are eligible for the NRHI member rate.
- **Early bird rate for all non-member attendees of the MN Regional Summit (Deadline April 15<sup>th</sup>) - \$295.00**  
As an attendee of the event on **November 29, 2018, Accelerating Health Care Affordability: Cross-Sector Leaders Collaborating to Drive Progress** the MN Regional Affordability Summit, NRHI would like to extend an early bird discounted rate of \$295.00 if you register prior to April 15, 2019.  
After April 15<sup>th</sup> the full non-member rate of \$495.00 will be in effect.

The Summit is brought to you by the [HealthDoers Network](#), an initiative of the Network for Regional Healthcare Improvement that is enabling increased connection and collaboration.

Stay tuned for exciting updates regarding our keynote speaker and interactive panel.
